Jim Jacobs addresses the board about the water department purchasing the HOA building. The water district has come to the HOA and offered to take over the building and the property next door where the tennis courts used to be. They want to build their new building where the old tennis courts were. They have offered to lease the HOA building to us for $1.00 per month for 99 years with the option to renew. The water department would take care of major purchases for the building and insurance. This would free up money for the HOA to do more for the community.
March 9, 2018 the board will start going door to door to get information from homeowners such as email and phone number.

The board would like to put out a quarterly newsletter using the emails to send it out.

There is the possibility of a community garage sale in the next couple of months.

Lesli Hawthorne opens the floor to questions and comments.

Meeting adjourned at 7:40pm.
